Steel Bollard Chain 20 Ft. Length 3/16 In. Yellow

MODEL BOL-CH-20-YL

Protective Barriers / Chain & Attachments for Bollards

PRODUCT OVERVIEW

The barrier system chain is an ideal addition to existing bollards used in dock facilities. The unit is constructed of powder coated steel for strength and durability. At time of order, specify how many feet of chain is required. For best use, it is recommended to order more feet than the opening between bollards to allow for chain slack.

KEY FEATURES

- Powder coated for toughness throughout daily use
- Bright yellow finish for visibility
- Steel construction for strength
- Can be fitted to size to meet required length
