Aluminum Hydraulic Elevating Cart with Foot Pump 15-3/4 In. x 27 In. 220 Lb. Capacity Silver

MODEL CART-200-ALUM

Ergonomic Solutions / Hydraulic Elevating Carts

PRODUCT OVERVIEW

The Hydraulic elevating cart minimizes worker bending and lifting through its ergonomic design and portability. Material can be easily loaded onto a cart from a table, lowered to a safe transporting height, and raised to unload at destination. The foot pump includes a soft-lowering down valve. The unit moves easily on four polyurethane casters; two swivel with brakes and two rigid. Features a single-speed foot pump and aluminum construction. Features an internal safety velocity fuse in each cylinder.

KEY FEATURES

- Unique lift design quickly raises & lowers material
- Ergonomic cart design improves user safety
- Caster construction provides easy portability when loaded
- Aluminum construction offers long lasting rugged use
