Extruded Aluminum Wheelchair Ramp Light Telescopic 88 In. Usable Length 550 Lb. Capacity Silver

MODEL D-TR-88

Loading Dock Equipment / Wheel Chair Ramps

PRODUCT OVERVIEW

The Wheelchair ramp allow buildings to be accessible to disabled persons, which is required by the American with disabilities act. Failure to comply may result in monetary damages and civil penalties. According to the ADA rules and regulations, for every inch of rise you must have a foot of ramp in length. The telescope ramp is constructed of lightweight aluminum extrusion. Top surface is serrated for positive traction.

KEY FEATURES

- Ramp design allows buildings to be accessible to disabled persons
- Serrated top surface provides positive traction
- Lightweight aluminum construction makes portability easy
- Specially designed to meet ADA regulations
