**MODEL DL-31**

Drum Handling Equipment / Drum Lifters

## PRODUCT OVERVIEW

When drums need to be raised, elevated, or maneuvered look to the drum lifter! The lifter is intended exclusively for closed & open-head drums with a secured lid installed. With so few moving parts within this design, there is no internal locking mechanism needed. The pressure applied throughout the lifting process helps to maintain the positioning of the lifter. Each lifter is built of steel and finished with a blue powder coat.

## KEY FEATURES

- Lifter is designed to lift drum from top lip
- Compatible for use with overhead chains or fork trucks
- Accommodates 30 and 55 gallon steel drums
- Restraint strap included to secure lifter in place
