Steel Lift and End Tilt Scissor Table 48 In. x 48 In. 4000 Lb. Capacity Blue

MODEL EHLTT-4848-4-47

Ergonomic Solutions / Lift & Tilt Scissor Tables

PRODUCT OVERVIEW

The lift and tilt scissor lift performs both lifting and tilting operations. There is a restraining chain and lip to keep the load in place during tilting. Safety features include an electric toe guard to protect workers from pinch points during lowering of the table, velocity fuses to hold platform position in the event of a hose or fitting failure, four (4) push-button hand pendent control, upper limit switch to stop travel at maximum height and reduce motor wear, and maintenance prop. The end tilt is standard with a side tilt available. There is optional accordion skirting available for both the lifting and tilting portions of the table.

KEY FEATURES

- Restraining chain and lip keep the load in place during tilting
- Features entry-side electric toe guard to protect pinch points
- Includes velocity fuse to maintain platform height
- End tilt is standard with a side tilt available
